PROFESSIONAL SUMMARY

Computer Programming & Analysis student at Georgian College (graduating December 2026) seeking a full-time junior software developer role. Experienced building full-stack web apps and RESTful APIs using Node.js, JavaScript, Python, and C#, with proven leadership skills from progressive team lead roles in fast-paced environments.

SKILLS

Languages:	JavaScript, Python, Java, C#, SQL
Backend:	Node.js, Express, ASP.NET MVC, REST APIs, MVC Architecture
Frontend:	HTML5, CSS3, JavaScript, Responsive Design
Databases:	MongoDB, SQL (relational databases)
Tools:	Git, GitHub, Postman, Power BI, Excel
Soft Skills:	Team Leadership, Communication, Problem-Solving, Time Management, Adaptability, Attention to Detail

PROJECTS

Personal Expense Tracker API | Node.js, Express, MongoDB

- Designed a RESTful API with full CRUD operations for users and expenses, following MVC architecture.
- Implemented input validation, centralized error handling, and modular controller structure for scalability.

Expense Tracker Android App | Java, Android SDK, Gradle

- Built a native Android app enabling users to log expenses, organize them into categories, and monitor budgets in real time.
- Designed an intuitive mobile UI following Android UX conventions, focusing on usability and clean navigation.

FitVerse — Fitness E-Commerce Website | HTML, CSS

- Designed and built a multi-page fitness product website with a clean, responsive layout and consistent visual branding.
- Structured pages for product browsing and user engagement, applying semantic HTML and custom CSS styling.

WORK EXPERIENCE

Sales Lead — Famous Footwear Jul 2025 – Present

- Supervised daily operations and delegated tasks across a team of 8+, maintaining efficiency during peak retail periods.
- Trained new hires on POS systems and procedures; resolved escalated customer issues under tight time constraints.

Sales Lead — Aldo Group Oct 2023 – Jul 2025

- Promoted from associate to Sales Lead based on consistent performance, reliability, and product knowledge.
- Led shift operations and coordinated team assignments to maintain high service standards and meet daily store targets.

EDUCATION

Advanced Diploma — Computer Programming & Analysis Aug 2023 – Dec 2026 (Expected)
Georgian College, Barrie, ON
